New Skills, New Roles

Making The DevOps Roles Tran...

The Se

There's no such thing as a DevOps team, Antao and other experts say. Rather, it's an approach. What's more, there's even less clarity around DevOps roles. It's not surprising, then, to hear DevOps described as "a thing everybody wants but nobody wants to do," says Mark Warren, director of product marketing for source code management and collaboration platform maker Perforce. Figuring out the right DevOps roles is a journe...
